

Lazar Kostic

Web Developer

Summary

I have worked with JS, C#, SQL, C++, Python, but I chose to focus on frontend, specially React. I thrive on the excitement of exploring and implementing cutting-edge solutions. I love collaborating in team environments, where collective efforts bring ideas to life.

Personal Details

Birth date

19/03/2001

Location

Belgrade, Serbia

Work Experience

I have worked in various roles such as a waiter, driver, and other student jobs. Additionally, I lived in the USA for five months and worked there. My technical experience is as follows:

Frontend Developer - Internship

09/2023 - 10/2023

CodeUp

During my internship at CodeUp Company, I had the valuable opportunity to immerse myself in the world of web development, with a focus on React and Tailwind CSS. Over the course of the internship, I actively contributed to various projects and gained hands-on experience in developing dynamic and responsive user interfaces.
